XRDS Business Mission Trip / Kenya 2025

MISSION of CBA / About CBA

The Christian Business Angels (CBA) helps local entrepreneurs grow businesses in their country by providing financing plus business coaching. By doing so, we seek to create meaningful and sustainable employment, while growing businesses that honor God and set the example for others to follow.

CBA is an ANBI-approved non-profit organization founded by a group of Christian entrepreneurs from The Netherlands in 2012-13. Until now, we have invested in over 40 companies in Kenya, with creation & support of 500+ new jobs. More information online at www.ChristianBusinessAngels.org.

PURPOSE of Trip

The purpose of the sponsor trip is both to raise money for investment & growth of additional companies in Kenya, and to engage additional expertise from other business-minded people at XRDA and others to help uncover the best opportunities for job creation in Kenya.

You may participate in this trip as sponsor or participant. Funds raised will be directed to the best local job creation opportunities as selected by trip participants. Post-investment information will be provided to all on a quarterly basis.

Cost & Sponsor Details
